ACTION: Group Adds Members

HALF MOON BAY—Bolstered by addition of 26 new members, the recently organized San Mateo Cattleman's Assn. this week mapped a comprehensive campaign to put a stop to livestock thefts and black market operations on the Peninsula.

George S. Morell, president of the association, announced a plan to streamline theft reports through the office of Sheriff James J. McGrath, who has assured the cattlemen of full co-operation. McGrath is considering a plan to divide the county into districts with a special deputy in charge of each to guard against livestock thefts.

Norman Souza, San Gregorio cattleman, told the cattlemen that his recent losses include two Hereford calves, a registered ram and a 250 pound hog. Tire marks of a small truck and a cane dropped at the scene of the calf theft were the only clues.

The association authorized two committees to fight the black market menace. One, a theft committee to co-operate with law enforcement authorities in reporting thefts and apprehending cattle thieves, comprises Chmn. Clarence Lack of Woodside, Joseph Bettencourt of Half Moon Bay, Dan O'Neill of Colma and Manuel Piers of Portola. The second, a reward committee, includes George Keyston of Kings Mountain, chairman; Norman Souza, San Gregorio, and Dr. J. R. Whitman, San Carlos.

Capt. E. F. Cassell of the California Highway Patrol at Redwood City, acting on special statewide orders, has ordered his men to take special precautions to prevent the illegal movement of livestock. All vehicles transporting livestock are subject to investigation, he said.

The association has urged all stockmen to brand their stock and to report thefts promptly.

Long Illness Proves Fatal

Mrs. Amelia T. Britschgi, 66, of 604 Jefferson Ave., a resident of Redwood City since 1905, passed away at 10 a.m. today in Palo Alto Hospital after a lengthy illness. She had been in the hospital eight weeks.

Mrs. Britschgi was the widow of Josef Britschgi, founder of the Occidental Dairy. She was the mother of Councilman Carl A. Britschgi, Joseph Britschgi Jr., Leonard B. Britschgi, Francis A. Britschgi and Catherine Bloomquist, all of Redwood City, and the late Anna Britschgi.

Mrs. Britschgi, a native of San Francisco, was a member of the Native Daughters of the Golden West, Menlo Park parlor.

Funeral arrangements are pending at Franklin & Crowe Mortuary.

Chase Littlejohn, 88, First White Boy Born in R.C., Dies

Chase Littlejohn, first white boy born in Redwood City, died at 4:30 a.m. Wednesday in a San Mateo hospital at the age of 88. Mr. Littlejohn, widely-known taxidermist and zoologist, was born Apr. 3, 1855, in a house on the site of the present recreation building (old library).

He had been in the hospital 10 days before his death.

Only surviving relatives are a sister, Mrs. Flora Easterday of Tunitas, and a nephew, George Littlejohn of San Francisco.

Funeral services will be held today at 3:30 p.m. at the Franklin & Crowe Mortuary. Interment will be at Cypress Lawn Memorial Park, Colma. Rev. Charles E. Ward of the First Congregational Church will officiate.

Dudley DeGroot, football coach at the University of Rochester in New York and former San Jose State College football coach, and Mrs. DeGroot arrived here May 2 for a visit with Littlejohn. DeGroot, who became a mutual friend of Littlejohn's in 1915 from their interests in birds, is taking care of Mr. Littlejohn's affairs.

WILDLIFE COLLECTION

Mr. Littlejohn had resided at 323 East Brewster Ave. for 17 years. His valuable collection of wildlife specimens, gathered over a period of more than 50 years, was presented to Sequoia High School last year.

"He has told me on many occasions since that time that the happiest day of his life was when the collection was taken over by Sequoia," L. A. Heiner, long-time friend of Mr. Littlejohn, said.

Although the collection was sought by both Stanford University and University of California, he preferred that it remain in the community where he was born.

The presentation was made at a Citizens' Night program May 1, 1942. He had been ill but he was well enough to attend the presentation ceremonies. A room was set aside on the second floor of the school for the collection. The collection formerly was housed at his home at 323 East Brewster Ave.

Among the more valuable pieces in the collection are a baby sea otter, a Northern Eider (an Arctic bird), and a New Mexican duck which was discovered only 15 years ago. Besides these and other varieties of birds, squirrels and other animals are more than 1500 different kinds of shells gathered on the Pacific slopes.

COLLECTION TO SCHOOL

Mr. Littlejohn's collection of cactus and rare plants at his East Brewster Ave. home will be taken over by Supt. A. C. Argo on behalf of Sequoia, DeGroot said today.

Part of his collection of wildlife was given to San Francisco State College.

Littlejohn was a nature-loving jack of all trades, but his hobby, taxidermy, which he picked up entirely by himself after only one lesson from a professional in the business who died of a heart attack before Chase could get more instruction, took him to far places on the American continent, and brought him to close brushes with death.

Mr. Littlejohn was a hunter from earliest boyhood, and after searching all the game haunts about his home he went abroad into the polar regions at the age of 18 and hunted otter in the Ohkotsk Sea and seal in the Bering Sea. Mr. Littlejohn made some five voyages to Alaska in the '80s, seeking sea otter. On one occasion, Japanese ran him and his companions out of the Seal Islands. On another, Russians were prohibiting the hunting of seal, and, as he was later to learn, without warning had killed two men for looking at seals from a spot on which he stood the very next day, also admiring the velvety-appearing sea lions.

SUCCESS AS HUNTER

Mr. Littlejohn had great success hunting sea otters, pelts of which sometimes sold for as much as $1250 each. Several times he and his brother, George, got as many as 25 in one day.

It was on a proposed collecting expedition to Honolulu, Midway and Galapagos Islands that Mr. Littlejohn had his narrowest escape from death — in a shipwreck on a bleak stretch of the coast of Mexico, on St. Patrick's night, 1890.

CHASE LITTLEJOHN

The schooner ran aground. All at once it raised up on a breaker and came down with a crash. The cabin filled with water. Littlejohn held onto a rope from the mast until the craft was washed in where the seas were not so big. All the crew got ashore safely.

Littlejohn's parents, William and Emma Littlejohn, came to Redwood City in 1854 from Searsville—now under the lake—where Chase Littlejohn's elder sister, the late Mrs. Lenora Worden, had been born the year before. The elder Mr. Littlejohn lived to the age of 93. Chase Littlejohn's mother died when he was 24.

A single British night raid of 1000 bombers over the Rhineland costs close to 14 million dollars, the largest single item being the cost of the planes lost.

State Submits Agreement For Freeway

The State Highway Commission today took the first step for a gigantic postwar construction project—the Bayshore Hwy. Freeway between San Mateo and the Dumbarton Underpass south of Redwood City—when it presented a proposed agreement for signature by San Mateo County officials to cover relocation and reconstruction of connecting county roads.

The plan, presented to county supervisors by Col. John H. Skeggs, division highway engineer, calls for cloverleaf overpasses at 19th Ave., San Mateo, with separate local traffic roads connecting Bay Meadows and Broadway; at Ralston Ave., Belmont, with a local traffic road to Harbor Blvd.; at a point between Jefferson Ave. and Main St., Redwood City, and at Marsh Rd. south of Redwood City.

OVER RAIL CROSSING

The Bayshore Hwy. would pass over the railroad crossing at Chestnut Ave. and the National Ave. intersection in Redwood City. Three present connecting laterals with Friendly Acres would be dead-ended at the highway and the area would be served by a Fifth Ave. connection for southbound traffic and the Marsh Rd. lateral for northbound traffic.

The proposed agreement with the county was referred to the district attorney and planning commission.

Ronald Campbell, planning engineer, characterized the freeway as the largest postwar construction project in Northern California, and explained that some of the funds earmarked in the present budget for previously approved freeway construction between San Francisco and San Mateo would be spent for rights of way in the new sector south of San Mateo.

STATE SEEKS PROPERTY

Meanwhile the state today offered $22,352 for title to about four acres of land at Peninsula Ave., San Mateo, required for a cloverleaf grade separation there. The land is under option to San Mateo County as part of the San Mateo Point purchase from the Howard Estate. The state offered to construct a 24-foot lateral connecting the present San Mateo Point park site with the intersection design.

Construction of the northern half of the freeway project was blocked by war priorities.

MENLO PARK: City Council Takes Action In Reconstruction of Two City Streets

MENLO PARK—Long-awaited reconstruction of Fremont St. and Florence Ln. appeared certain today after the Menlo Park City Council Tuesday night created assessment districts on both streets and the State Division of Highways approved the projects.

By a unanimous resolution, the city council took the first step toward creating assessment districts on both streets to pay for the installation of complete new streets, curbs and sidewalks.

The council also received a copy of a letter by J. G. Meyer, assistant office engineer of the division of highways, recommending to the War Production Board that the street improvements be granted.

"The proposed reconstruction of these streets is essential from the standpoint of public health and safety by correcting an unsatisfactory drainage condition and by providing a satisfactory roadway surface," reads the recommendation.

First steps toward comprehensive audit of Menlo Park and San Mateo county records to clear up Menlo Park's Street Redemption Bond Issue receipts were taken last week by Councilman Charles P. Burgess.

Burgess reported to the council that he and Mrs. Frances Maloney, city treasurer, had thoroughly checked county collections from the largest assessment district in Menlo Park and every item had checked with the city treasurer's books.

He pointed out that it would probably take him six months to complete the audit, working during his spare time to save the city money, so the council tabled the audit to give Burgess the necessary time to investigate.

The possibility that Menlo Park's long-standing isolation from the San Mateo County health district might be rescinded was indicated by the city council's action in inviting Dr. C. C. Gans, county health director, to outline health district services to the council at the earliest possible moment.

REDWOOD CITY — PHONE 1300

TO OUR WOMEN
(Bless 'em)

They're really getting in Hitler's Hair!

MAYBE they're not pulling the trigger that fires the gun but they're doing about everything else. High in the Sierra, a woman has just qualified as an operator of a giant hydro-electric power plant so she can take her husband's place.

A little white-haired grandmother is doing her bit converting old wool into lap robes for wheelchair patients.

A young mother is caring for a neighbor's children so the neighbor can finish a research project important to the war effort.

A stenographer is working evenings in a hospital as a Nurse's Aid.

These are America's fighting women! Not merely the few doing brave, spectacular things, but all the millions of more or less untrained, inexperienced women cheerfully nerving themselves to jobs and responsibilities they never dreamed would be theirs!

Nobody can thank them; they wouldn't want it. But we can all say, *you're making grand soldiers!*... and more power to you in all the new things you are undertaking every day.

IN THIS COMPANY women are helping tremendously to keep up the steady flow of kilowatts vital to war production.

In additon to operating a power house—and a substation—women are serving as field clerks on construction crews, draftswomen, mappers, warehouse helpers, photographers, meter readers, truck and bus drivers, laboratory technicians, and in hundreds of more conventional jobs.

The saying, *"We couldn't win without them!"* most certainly applies to the women of the electric industry.

HORSE SHOW: Association Plans Event June 19, 20

BELMONT—The San Mateo County Horsemen's Assn. is planning a two-day horseshow June 19 and 30 to be held at the Green Briar Riding Club in Belmont, proceeds to go to the Belmont Hospitality House. The first day will be the juvenile show consisting of 15 events featuring horsemanship, Ed Zwierlein of Woodside, chairman for the show, said today. Sunday the open show will take place with events shown with western and English equipment, with three and five gaited saddle bred classes and also the fine harness class. War bonds are being offered for the first award in each event, said Zweirlein, and war savings stamps in the denominations from $10 to $2.50 for other places.

Many donations are coming in from horse lovers and friends of the association, Zwierlein said. Working with him as a committee are, E. J. Spillane, Thomas Keller, and K. L. McDonald of Redwood City, Herman Vath and Harold Himmelman of Atherton, R. L. Norrington of Belmont and Capt. Fred W. Egan of San Mateo.

The San Mateo County Mounted Patrol is handling the tickets and Mrs. Laura Roeder, chairman of the Belmont Hospitality House has charge of the programs. Stanford University is providing new bleachers.

Liquor Control To Be Severe

Operators of liquor establishments who sell liquor to minors are in for new and more severe penal action, according to an announcement made today by the State Board of Equalization. Speaking for San Mateo County, Supervising Liquor Control Officer Earl McCann said the new penalties will be drastically enforced here.

In a resolution adopted by the board, a minimum penalty of at least 15 days' suspension has been set for the first violation of selling liquor to a minor. Any succeeding violation, McCann said, probably will bring either indefinite suspension, or complete revocation.

McCann declared that starting today he is assigning a staff of special liquor control men to guard against sale of liquor to minors. He cautioned that anyone selling any kind of alcoholic beverage, beer included, to a minor will be severely dealt with. McCann said he has received orders directly from Comsr. George R. Reilly, member of the board for this district, not to "spare the horses" in the new campaign designed to protect those under 21 years of age.

Port Revenues Apply To Charges

Edmund Scott, chairman of the Redwood City Port Commission, announced today revenues of the port for the fiscal year are sufficient to meet all operating expenses and to make a $5900 contribution toward fixed charges. This sum represents current interest against port bonds, and is the first port revenue to be appropriated to meet capital charges.

New Magic Way To Wash Dishes

Bu Tay Laboratories present a miracle of modern chemistry . . . a new way to wash dishes. It's called Rain Drops. It's not a soap, not a water softener . . . it's "magic in a package!" Add Rain Drops to 1 tablespoon of your usual soap, fill the pan with boiling water, and immerse the dishes. Read the evening paper.

When the water has cooled, remove the dishes, rinse and stack to dry. They will actually dry themselves quickly and will sparkle as never before. And when you run the Rain Drops solution down into the sink, it automatically cleanses the drain, dissolving all grease on its way down! Your grocer has Rain Drops now. Save time, temper, manicure, and china . . . by doing dishes the most modern way . . . with Rain Drops.

SMART SISTER SMARTENS SISTER

Just for Fun— Picnic at Home

Lack of time, tires and gas may mean that picnics in the woods, at the seashore or in the mountains are out of the question during the week-ends to come. But there's nothing that says we can't picnic at home. A backyard or nearby park, or even the roof of an apartment house offers opportunities to get out of doors. It's surprising how delicious commonplace meals taste when eaten out in the open, even if it is only a few steps from the kitchen.

THE GOOD NEIGHBOR POLICY— Picnicking is a grand way for the entire neighborhood to get together and have fun. And if there are children of the romping age, the out-of-doors has added advantages.

Everyone can bring one part of the menu and everything can be pooled for a complete meal. Each family can contribute its share of meat, vegetables and the like to be made into sandwiches, salads, and other offerings. Or the neighbor who has chickens, rabbits or eggs might want to make his contribution accordingly, as well as the neighbor who has the prize Victory garden. In any neighborhood, there are always some people who are long on some foods and short on others who would welcome this chance to share.

To make it a real party affair, let your neighborhood gathering be followed by a good old-fashioned sing fest. It's lots of fun.

THE PICK-UP AFFAIR — Remember how you used to decide at the last minute to go to the woods for a spontaneous picnic? Pack the same kind of a last-minute lunch or supper and take to the backyard. Plan and pack the eats just as though you were going miles away from home. That eliminates running in and out of doors for something every other minute.

PORTABLE MEALS—Casserole dishes are easily transportable for either planned or last-minute picnics. Bring the casserole out oven-hot at the last minute.

PORTABLE SUPPER MENU
*Baked Beans
Cream Cheese—Relish Sandwiches
Green Onions Whole Tomatoes
Lettuce Wedges
Sliced Fresh Peaches Gingerbread
Beverage

***BAKED BEANS** — Boil beans until tender, then combine in casserole with grated onion, finely chopped green pepper, fresh tomatoes, salt, pepper, molasses and dry mustard. Bake in slow oven (300° F.) to heat thoroughly and blend flavors. Delicious hot or cold.

HERE'S CANNING NEWS FOR YOU
For complete and last-minute information on canning fruits and vegetables, read Julia Lee Wright's article in this week's Family Circle, "Canning Days Are Ahead." The Family Circle is out *every* Tuesday—and *free* at Safeway.

MONTGOMERY WARD REDWOOD CITY PHONE 1300 **MONTGOMERY WARD**

Fire Series Damages 3 Homes

Soaring temperatures, children playing with matches and other causes contributed to a series of week-end fires which damaged three homes, nearly suffocated a 3 months old baby, and ran fire loss figures to the $3000 mark.

At 452 Hoover Ave., Friendly Acres, 3 months old David McCurdy III, son of Capt. and Mrs. David S. McCurdy, was rescued from his flaming home by Delmar Smith, about 30, whose address was given as 426 Winchester St., Vallejo.

Dep. County Fire Warden Ernest Werder said Mrs. McCurdy was trapped in the smoke-filled home by a living room blaze which blocked the front door and hallway to a rear bedroom where her young son was sleeping. The alarm was sounded at 3:15 a.m. Sunday.

Mrs. McCurdy made her escape out of a bedroom window and ran to the home of a neighbor, Peter Constanta, chief air raid warden for the district. Meanwhile Smith appeared on the scene. Told of the baby's plight, Smith forced his way into the smoke-filled room through a window and rescued the child.

Although partially overcome by smoke, the child recovered quickly after receiving first-aid treatment for shock.

The fire, Werder said, apparently started in a chesterfield in the living room.

Two San Franciscans, John R. Pomfert and Maurice Short, saw the blaze from Bayshore Hwy. and joined a garden hose brigade which fought the blaze until a county fire truck from Redwood City arrived. The fire burned into a wall separating Mrs. McCurdy's bedroom and the living room. Damage was estimated at between $500 and $1000.

A $1500 blaze damaged the home of Edwin G. Tuchtenhagen, 2252 Euclid Ave., East Palo Alto, last night. The alarm was turned in at 9:34 p.m. The fire, which started in the bedroom, involved that room and the living room. Smoke damage was spread throughout the house. Fire Chief Thomas Cuff is investigating the cause of the blaze.

Children playing with matches were blamed for an $800 fire in Belmont Saturday afternoon at the home of Francisco Sandoval, Southern Pacific employe, on the old county road near Waltermire Ave.

Chief Roussel Smith said the Youngsters set fire to eucalyptus brush. The fire spread to the house, destroying one wall, and ate into the attic. Two sheds in the rear of the home were virtually destroyed.

Redwood City Fire Dept. answered four alarms Sunday—three grass fires and one bus fire.

A Pacific Greyhound bus caught fire on El Camino Real at Harrison Ave. at 12:47 p.m., necessitating a transfer of 45 passengers to another bus. Defective wiring in the rear of the bus caused the blaze. Passengers remained calm, bus company officials reported. Damage was slight.

A large blaze at D and Arguello Sts. at 5:55 p.m. caused excitement when it was believed a barn was on fire. However, when firemen arrived they found it was a grass fire.

Firemen were called to extinguish a grass fire at Jefferson Ave. and Sapphire St. at 11:29 a.m. and to Harrison Ave. and Myrtle St. at 3:38 p.m.

A 9-year-old boy who confessed to setting a grass fire in a vacant lot between Cedar St. and Chestnut Ave. on Brittain Ave. Saturday afternoon was taken to the fire station where he was confronted by the volunteer firemen called from their work by the alarm. The boy was released after a severe lecture.

Parking Lot Open to Commuters

On reopening of the commuter parking lot between Winklebleck St. and the Standard Stations Inc., City Mgr. Robert W. Mead today warned autoists to observe the parking regulations on the lot. The lot has just been resurfaced and parking lanes marked.

This is the second part of a series of improvements designed to help the commuter parking problem. A lot between Winklebleck St. and James Ave. was completed earlier.

S.P. Employes Put Millions in Bonds

About $5,300,000 was invested in War Savings Bonds by Southern Pacific employes of the Pacific Lines through the company's payroll savings plan during the past 12 months, according to Medard Kerr, local treasurer for the railroad.

KEEPING FAITH WITH PETE

Herrscher Wins Two Points In Superior Court Case

Two legal controversies between the sons and the surviving husband of Mrs. Fannie May Howard Herrscher were aired in superior court before Judge Maxwell McNutt this week. Edmund Herrscher, the husband, San Francisco attorney, won technical points in both cases.

One, involving the right to dispose of the remains of Mrs. Herrscher, ended in a continued deadlock. Robert, Charles and Lindsay Howard, her sons by a former marriage, are seeking a court order to prevent Herrscher from preventing removal of Mrs. Herrscher's remains from a receiving vault to a $10,000 tomb room at Cypress Lawn Cemetery.

Henry Robinson, Herrscher's attorney, entered a demurrer on the grounds that the petition for injunction failed to specify whether the tomb room contract was oral or written. Judge McNutt sustained the demurrer but gave Atty. Frank Schuman the right to amend the petition in court by inserting the word "oral." He then granted Robinson 10 days to answer the amended petition.

In the second matter, a suit by Robert S. Howard as executor for his mother's estate for recovery from Herrscher of $18,164 worth of property which he claims belongs to the estate, plus $10,000 damages, was transferred to San Francisco superior court on Herrscher's motion. Schuman contended that Herrscher is a resident of San Mateo County, being registered here as a voter and as an automobile operator.

Judge McNutt upheld Herrscher's own affidavit that he is a resident of San Francisco and transferred the case.

Meanwhile McNutt issued a temporary injunction which will prevent either side from removing the remains of Mrs. Herrscher from their present resting place.

Hickey Renews Demands For County Curfew Law

Supervisor Thomas L. Hickey this week renewed demands for independent adoption of a curfew law by the board of supervisors.

"Juvenile delinquency is 90 per cent the fault of the parents," he declared, "but if the parents won't do anything about it, it's time for the supervisors to take some action."

He said he was ready to vote for a curfew ordinance applicable to the unincorporated areas of the county whether or not the county's 12 cities followed suit.

"I'm not going to be swayed by the cities' judgment," Hickey said. "Let the public service organizations prevail upon the cities to do their part. The county should act on its own best judgment.

"If you don't do something to curb these kids, how in the name of heaven are you going to curb them when they grow up?"

Hickey's proposal was protested by Supervisor Alvin S. Hatch, Half Moon Bay, who argued that the unincorporated areas should suffer no restrictions not imposed on cities. The problem was referred to the district attorney.

The same official was authorized to prepare a dog license ordinance to cover the unincorporated areas after the board heard protests from the Millbrae school district that dogs constituted a nuisance there despite the county's rabies quarantine.

In other matters the board:

Referred to Pulgas Mosquito Abatement Dist. a protest from Belmont Chamber of Commerce over mosquito conditions in Belmont.

Slide Imprisons Burlingame Man

BURLINGAME—Peter J. Whitfield, a resident of Burlingame for more than 15 years, was back at work early this week at the Pacific Building Material Co. in San Francisco following a two-hour ordeal Saturday afternoon when he was imprisoned under a slide of gravel.

Whitfield, who lives at 1120 Juanita Ave., Burlingame, was caught by a sudden descent of gravel as he sought to clear away an obstruction blocking the chute of a gravel pit. He was entirely covered by the gravel, but managed to claw away an airspace with one hand permitting him to breathe through his mouth. His nose was covered during the imprisonment.

He was rescued by members of the San Francisco Fire Dept., who were supervised during the entire extrication process by Whitfield himself.

Aggregates Firm Buys Daly City Land

Pacific Coast Aggregates Inc. has purchased from Mr. and Mrs. Giuseppi Gianni property valued at $18,000 on Junipero Serra Blvd. at Daly City, according to a deed recorded today by County Recorder T. Clark Rice.

Sanborn Donates Supply of Crutches

SAN CARLOS—Forty pairs of crutches and a surgical table were given to the San Carlos Volunteer Fire Department today by I. H. Sanborn of Redwood City.

Sanborn read the fire department's request for crutches and canes for a Bay Area naval hospital in the Tribune last week. He was closing his surgical supply office in San Francisco and gave his entire supply of crutches for casualties back from the South Pacific. He also gave the department a surgical table which will be used at the first aid station maintained at the firehouse.

A quantity of canes and crutches are needed, Harry Kirkorian, president of the firemen, said. They may be left at the firehouse or with any member of the volunteer fire department.

Telephone Company Asks Limit on Calls

Pacific Telephone and Telegraph Co. today asked co-operation of long distance telephone users to limit their conversations over heavily loaded lines to five minutes, according to M. A. Gooding, Redwood City manager.

15 Resign In Protest To Scale

San Mateo County's new standardized salary system, before the board of supervisors this afternoon for final adoption, struck its first serious snag this Tuesday when 15 of the 23 registered nurses at Community Hospital, San Mateo, presented their resignations, effective in two weeks, in protest to their salary ranges and classifications.

Miss Mabel Wilson, superintendent of nurses, and Dr. H. W. S. Hayes, hospital superintendent, met with the board of supervisors Tuesday.

Miss Wilson pleaded that the salary schedule be changed to "allow the hospital to keep its doors open."

The board referred the problem to the civil service commission.

Meanwhile the San Mateo County Employes Assn., which previously voiced dissatisfaction in the manner in which the preliminary salary ordinance was adopted a week ago without consultation with the employes, voted unanimously this week to incorporate. The association retained for one year Atty. Edward Cosgriff of San Mateo to proceed with the incorporation.

Complaint of the nurses, Miss Wilson said, is based on the fact that the salary standard for their classification starts at $140, just 25 cents per month more than the present scale. The fact that a $10 monthly bonus is to be added failed to satisfy the nurses because, it was contended, the bonus is a temporary adjustment.

The nurses cited the recommendation of the State Nurses Assn. for a starting minimum salary of $155.25.

Both Dr. Hayes and Miss Wilson admitted that the situation was critical. One ward at the hospital has been closed, she said, to conserve nursing power. There are 25 nurses on the payroll, and this number is less than present needs.

It was learned that the nurses also protested the failure of the salary standardization plan to recognize seniority.

Four nurses presented their protests to George Stevens, personnel officer, at the courthouse Monday but reported no satisfaction.

Miss Wilson admitted that the 15 nurses had submitted a signed statement presenting their resignations effective in two weeks.

The board of supervisors adopted without comment a salary schedule for unclassified employes.

The unclassified roll included $3120 for a criminal investigator and $1200 each for two court reporters as recommended by the grand jury. It added another deputy probation officer at $2220, and increased the salaries of the assistant and chief deputy district attorneys $300 per annum, plus $120 bonuses. The probation officer's salary was increased $435 per year, plus a $120 bonus. The assistant received a $210 increase, plus bonus.

The position of undersheriff was taken from the unclassified service and added to the classified service. The position of chief deputy treasurer, in turn, was removed from classified to unclassified at $2640 plus $120 bonus.

Winfield Scott, representing the Civic League of San Mateo County, protested that the probation officer's pay, higher than that of some elective officials, should not be increased by a bonus.

San Carlos, R.C. Schools Plan Harvest Shows

San Carlos will conduct the first children's harvest show staged in the southern part of the county under sponsorship of the county food production committee today at the San Carlos School.

Produce from the back-yard gardens of nearly 200 San Carlos youngsters will be on display at the school auditorium between 2 and 8:30 p.m. today and judges from the county agricultural commission office will award ribbons for the handsomest onions, biggest and best carrots and many other home-grown edibles.

Mrs. L. B. Waters, San Carlos head of home food production, is in charge of the exhibition and is assisted by Mrs. Willa Cloys Carmack, local chairman of adult victory gardens, Mrs. W. H. Giberson, in charge of the school garden, and several members of the Civic Garden Club and the Parent-Teacher Assn.

Children will also sell vegetables from their school garden during today's harvest show and have a sale every Friday between 12:30 and 2:30 until the close of school, Mrs. Giberson said today.

This will be the second victory garden fair San Carlos has staged, the school having inaugurated the annual exhibition last year. Young gardeners had the rest of today to sign up to enter Friday's show.

Redwood City will hold a harvest show for all elementary school children June 5 from 2 to 7 p.m. in the Sequoia High School bus garage on the Sequoia campus.

Several hundred entries are expected and the children are "signing up in good numbers," Andrew Spinas, elementary school superintendent, said today. The show is limited to two groups, garden products; chickens and rabbits. The Kiwanis Club is sponsoring the harvest show with Louis Christensen acting as show chairman.

Exhibits are being arranged in three divisions: 1. Entries by children in the first, second and third grades; 2. entries by children of the fourth, fifth and sixth grades; 3. entries from the seventh and eighth grades.

Faculty assistants from the Redwood City schools are: McKinley, Lee Alderman and Ralph Case; Lincoln, Miss Bernice Showers; Central, Mrs. Deloris Tenneson; Garfield, Mrs. Catherine Bloomquist; Washington, Mrs. Edith Murray; John Gill, Miss Dorothy Mulcady; Mt. Carmel, Mrs. Edward Murphy.

Rankin Renews Street Plea

MENLO PARK—Another plea for a separate street department for Menlo Park was voiced by E. M. Rankin, chairman of the Menlo Park Good Governments League, at a meeting of the City Planning Commission.

Rankin advocated the formation of a three-man Board of Public Works to undertake long range city planning. He said the Planning Commission was originally constituted only to study rebuilding and sub-division, and not for planning purposes.

The planning commission is studying Rankin's proposal and expects to report at its meeting next month.

Glamour Girls of Circus Match Beauty With Skill

Talented and attractive feminine stars punctuating an amazing array of arenic, aerial, and trained animal exhibitions glamorize the two-hour, thrill-filled program of Russell Bros.' Circus.

Glamour girls abound in the personnel of Russell Bros.' Great 3-Ring Circus which comes to Redwood City twice daily today—the show that broke all circus records in Los Angeles.

In recent years, feminine beauty standards have been decidedly improved in the better circuses.

Costumed feminine artists will be found in the aerial, acrobatic, wire and equestrian acts that make up the circus program. A high spot in the performance is the aerial ballet.

Two complete performances are given daily at 2 and 8 p.m. with doors to the menagerie opening one hour earlier to provide patrons ample time to view the large collection of wild and trained animals before the start of the big show.

Fox Announces New Openings

Chester B. Fox, Redwood City secretary, U. S. Civil Service, said today there is an urgent demand for men to fill these positions, most of which are at Hunter's Point Drydock, and a few at Mare Island Navy Yard:

Boilermaker, brakeman, cement finisher, chauffeur, chipper and calker, electric craneman, driller, electrician, engineman, fireman, light forger, joiner, laborers, marine machinist, machinist (outside), machinist (inside), machine tool operator, painter (brush and spray), pipecoverer and insulator, pipefitter (plumber), puncher and shearer, rigger, riveter, sheetmetal worker, shipfitter, shipwright, welder (electric), woodworker.

The wages range from 96c to $1.31 an hour for a 40-hour week and time and one-half for all overtime.

Helpers in the trades listed above are also needed at 89c an hour, laborers, at 88c an hour.

Skilled tradesmen will be hired regardless of selective service classification. Laborers or helpers will not be employed if they are in Class 1-A. Men in the 18 to 38 age group who are classified 4-F but who are physically qualified to perform the work at the navy yard will be given consideration.

Qualifications required of applicants range from no experience for laborers, 6 months' experience for helpers, to at least 2 years' experience for journeymen in most trades.

The majority of the housing units at Hunter's Point are within 10 minutes walking distance from the navy yard, and both yards are served by adequate bus service.

For detailed information, please call at the post office, Redwood City.

CD Pamphlets Available

What can you do to help win the war? Professional men and women, salesmen, builders, mechanics, craftsmen, educators, boys and girls—there are many things that each can do.

Where can you find out what to do? The U. S. Office of Civilian Defense has completed a new booklet called "You and the War." This booklet tells how each person can serve his country in some specific capacity as a volunteer in the U. S. Civilian Service Corps.

Would you like a copy of this booklet? It is available to the public through the Redwood City Bottling Co., Lime Cola bottler, or through the local civilian defense council. The booklet is free.

Navy Seeks Steel Workers

The Navy Department has announced a need for men whose civilian activities have been in the field of steel work and rigging and for small boat operators. Voluntary enlistment-inductions in these categories will place enlistees in the navy's construction battalions, known as the Seabees.

Redwood City applicants may apply at the navy recruiting station Courthouse, Redwood City, California.

CAMPERSHIPS: Girl Scouts Vacation in Big Basin Area

A new way in which the Tribune-Lions Club campership fund can help some Redwood City girl was pointed out today by Miss Louise Stiles, Girl Scout director.

Occasionally an older girl, much in need of the group activity and the association offered at camp, has the opportunity to earn half her expenses by helping at camp but is still unable to pay the remaining $5.50 a week. Eleven dollars from the campership fund would give a needy high school girl two weeks at camp, an experience that could bring her new confidence and new standards.

Camp Chaparral in Big Basin is a regional western camp where Girl Scouts come from all over the United States. Two-hundred girls are accommodated there. The scouts lead an all-outdoor life at Chaparral—they make up their camp beds on the ground and prepare and eat camp meals under the blue.

The girls go for two-week periods. Dates for this year are July 7 to 21; July 21 to Aug. 4, and Aug. 4 to 18.

Despite gasoline rationing, mothers are saving up coupons for the 50- or 60-mile trip this season, and arrangements will be made at headquarters to fill cars going to the camp so as to avoid the extra transportation cost.

Send your contribution — for either girl or boy—to the Tribune.

OBSERVANCE: Morning Rites Will Be Held at 10 O'Clock

The program for Redwood City's 60th annual observance of Memorial Day was announced today by Mrs. Mary Winter, who is in charge of this phase of the observance. The program will be held at 10 a.m. Sunday at the Sequoia Theater.

Streamlined so that the rites at the theater can be dismissed by 10:45 a.m., the program is as follows:

Invocation. Rev. Schuyler Pratt, vicar, St. Peter's Episcopal Church.

Star-Spangled Banner. Audience, led by Hal Honore'.

Logan's General Order No. 11. Wayne R. Millington, grand president, Native Sons of the Golden West.

Gettysburg Address. Mrs. Thomas Carolla.

Memorial Day Address. Warren H. Atherton, national defense chairman, American Legion.

Benediction. William H. Augustus, department inspector, United Spanish-American War Veterans.

Immeditely following this program, a parade will form and march via Broadway and Main St. to Union Cemetery, where the following program will take place, beginning about 11:30 a.m.:

Prayer. Melvin Peterson, commander, Edmund Parrott Chapter 16, Disable American Veterans of the World War.

Address to the Unknown Dead. Joe S. Farr, past commander, San Mateo-Santa Clara County Council, Veterans of Foreign Wars.

Tribute to the Unknown Dead—Mrs. Ida Thompson, Gen. George S. Evans Corps, Relief Corps; Mrs. Charles Bendeich, Ladies' Auxiliary, United Spanish-American War Veterans; Mrs. Alice Covey, Ladies' Auxiliary, Veterans of Foreign Wars; Mrs. Lucile Benson, Ladies' Auxiliary, American Legion; Mrs. Marie Tamulenas, Ladies' Auxiliary, Disabled American Veterans; Miss Shirley Lorber, Daughters of the American Legion.

Salute to the Dead. United States Army Firing Squad.

Taps. Boy Scouts of America.

SOMETIMES - ON SOME CALLS - THE LONG DISTANCE OPERATOR WILL SAY—

"Please limit your call to 5 minutes. Others are waiting"

MANY Long Distance calls go through about as fast as ever.

But sometimes there's an extra-heavy rush on certain circuits—especially in war-busy places.

Whenever that happens, the operator will ask you to limit your Long Distance calls to 5 minutes.

The idea is to give everybody a fair share of the wires. That gets to be more and more important every day.
